Time will tell, give some new meaning, now
What it really takes to survive
Oh, time will prove
That my fears, all were coming true
Now that you're leaving my life

Clouding up, I think I see rain and now
Oh no, I'm feeling the pain, oh
So far the omens are saying now
That a stormy time is coming again

The sky is falling
No early warning
There's no returning
It's the end of the loving

The sky is falling
No early warning
There's no returning
The sky is falling

Coming down, oh baby, it's all around
Waves are washing over me
Weathered through other storms
Yeah, they seemed so long
But not as hard as this will be

Don't we know, haven't we learned by now?
Hurt love and you're gonna cry
Oh baby, nothing can save us now
My heart is as dark as the sky

The sky is falling
No early warning
There's no returning
It's the end of the loving

The sky is falling
No early warning
There's no returning
The sky is falling

The sky is falling
There's no returning
The sky is falling
There's no returning

Gotta turn my back on the feeling
So I can face the world
Oh, you know my heart stopped believing
But I just can't keep reaching for love, oh
Oh, can't keep reaching

The sky is falling
The sky is falling, babe
There's no returning
Oh, end of a love affair

The sky is falling
We got no early warning
There's no returning
The sky, the sky is falling

The sky is falling
There's no returning
The sky is falling
There's no returning

The sky is falling
There's no returning
The sky is falling
There's no returning
