Good loving, the girl's got plenty good lovin'  
Ask me how I know, and I'll tell you so  
Used to be my girl  
I respect her, when she was mine, I used to neglect her  
Oh, she wanted more than I could give  
But as long as I live, she'll be my girl  
She (She used to be my girl)  
Oh (She used to be my girl)  
Oh, her personality, the girl was so right for me  
She's my girl  
And If I had the chance once more, I'd take her back  
As a matter a fact, right away (I'd take her back)  
I'd take her back  
Not only good-lookin'  
But lookin' smart, got a thing cooking  
Ask me how I know, and I'll tell you so  
She used to be my girl  
(She used to be my girl) Used to be my girl  
(She used to be my girl) My girl, my girl  
Oh, her personality, the girl was so right for me  
She's my girl  
And If I had the chance, I'd take her back  
As a matter a fact, right away, right away  
Where's my girl?  
Don't you know I'm way down, way down  
Don't you know, way down, way down  
Listen, ooh, good loving, the girl's got plenty good  
lovin'  
Ask me how I know, and I'll tell you so  
Used to be my girl, my girl  
She used to be (She used to be my girl)  
Oh, she used to be (She used to be my girl)  
All mine, all mine, all mine (She used to be my girl)  
As matter of fact, I want you back, I want you back  
(She used to be my girl) Can't you come back right  
now?  
(She used to be my girl) My girl, my girl, my girl  
(She used to be my girl) Hmm, too hot to handle  
(She used to be my girl) My girl, my girl, my girl  
(She used to be my girl) She used to be, she used to be  
(She used to be my girl)  
(She used to be my girl) Aah, there she goes

(She used to be my girl)  
(She used to be my girl)  
(She used to be my girl)  
(She used to be my girl) Used to be my girl  
(She used to be my girl)  
Oh, I love her, it's a matter of fact  
(She used to be my girl) Too hot to handle
