Wait for me please
Wait for me, girl

Midnight hour almost over
Time is running out for the magic pair
I know you gave the best that you have
But one more chance couldn't be all that hard to bear

Wait for me please
Wait for me
Alright, I guess that's more than I should ask
But won't you wait for me please
Wait for me
Although I know the light is fading fast

You could go either way, is it easier to stay
I wonder what you'll do when your chance rolls around
But you gotta know how much I want to keep you
When I'm away, I'm afraid it will all fall down

Wait for me please
Wait for me
Alright, I guess that's more than I should ask
But won't you wait for me, girl
Wait for me
Although I know the light is fading fast

Love is what it does and ours is doing nothing
But all the time we spent, it must be good for
something
Please forgive all the disturbance I'm creating
But you got a lot to learn if you think that I'm not waiting
for you

Wait for me
Wait for me
Alright, I guess that's more than I should ask
But won't you wait for me
Wait for me
Although I know the light is fading fast

You got lots of love

But I think they are not made for you

Wait for me

Wait for me, it's alright

I know, I guess that's more than I should ask

But won't you wait for me

Wait for me

Although I know the light is fading fast

You got lots of love

But I think they are not made for you

You know all the light

It's fading

It's fading, it's fading

Baby I know [Incomprehensible]

It's fading, it's fading
