

Hall Tom T "I Care"

Visit "[I Care](#)" on MotoLyrics.com

When the TV won't work and your toys fall apart
And you have a sad feeling deep in your heart
You wanna go out but it's rainin' out there
I want you to know I care
I care, I do there's no one like you

When they take you some place and you sit in a chair
I want you to know, I care

When you tell a big lie and your parents're mean
When being grownup is a faraway dream
When you're fillin' your teeth and cuttin' your hair
I want you to know I care
I care I do there's no one like you

I mention your name when I'm sayin' my prayers
I want you to know, I care

When you have a bad cough and you can't go out
When you sit for a week with that thing in your mouth
When you sleep in the dark and there's something out there
I want you to know, I care
I care, I do there's no one like you

And sometimes I act like a grouchy old bear
I want you to know I care, I love you too much
