Chorus:

Pumpkin patch, pumpkin patch,
Headin' out to the pumpkin patch
Pumpkin patch, pumpkin patch
Headin' out to the pumpkin patch

Pumpkins are pretty sneaky, they like to hide in the
fields
Under a leaf, under a bush, they keep perfectly still
It's a good thing that they're orange, or they'd be hard
to see
Gonna catch me one of them pumpkins, a special one
for me.

Chorus

Pumpkins aren't very scary, unless you give them a
face
A smile or a frown, eyes up or down, teeth all over the
place
Gonna carve me one of them pumpkins, put a candle
inside to burn
Then instead of a pumpkin, it'll be a jack o'lantern

Hey hey, I'm goin' today, hay ride hang on...
Hey hey, what can I say,
Gotta catch 'em before they're gone.

Chorus

So if you happen to see a pumpkin,
When you're out on hallowe'en night
Don't stop and stare, you better beware
He'll give you an awful fright.
Just keep on trick or treating, don't even say hello
He might jump up, and follow you home,
You just never know!

Chorus
