Do you know what the hell is happening here?
Do you know?
Do you care?
You're so calm and sincere,
They ask me for answers,
Don't ask me, I don't care.
It's alright we're not dead,
Stop panicking please.
Did you hear what I said?
D'ya ever hear me?
They ask me for answers,
Don't ask me, I don't care.
So come on God, Here I am.
Can you save me?
So come on God, Here I am.
It's alright we're not dead,
Stop panicking please.
Did you hear what I said?
D'ya ever hear me?
They ask me for answers,
Don't ask me, I don't care.
So come on God, Here I am.
Can you save me?
So come on God, Here I am.
Can you hear me?
Can you save me?
Here I am. x4
Can you save me?
(Can you save me?)
Can you save me?
(Can you save me?)
Can you save me?
(Can you save me?)
