Inside nowhere, gets so cold here Trapped in this reflection of me Kiss me gently, screw me, rent me All I wanted, is all I can see This is all I ever thought I'd never feel When I dream about you, feels like it's for real Now I'm lost without you, I'm still waiting here Still here Eternity, You're so pretty Dressed in black so fashionably I'm too easy, touch me, tease me Blow me into infinity This is all I ever thought I'd never feel When I dream about you, feels like it's for real Now I'm lost without you I'm still waiting here Still Here This is all I ever thought I'd never feel When I dream about you, feels like it's for real Now I'm lost without you I'm still waiting here Still Here
