Things that I see,
Drill into me,
Like sunrise.

You only I kiss,
Hold me to this,
Look in my eyes.

I love you let me go down on you,
I love you let me go,
I love you let me go down on you,
I love you let me go into you.

(I lust for a vampire,
I lust for a vampire,
I lust for a vampire.)

As I fall again,
I feel no shame

Violently shunned,
Quietly stunned,
But I'm alright,
Drowning in lust,
Lust is a must in a lovebite.

I love you let me go down on you,
I love you let me go,
I love you let me go down on you,
I love you let me go into you.

As I fall again,
I feel no shame,
As I fall again,
I feel no shame,

Sunlight,
Sun,
Sunlight.
No.

I love you let me go down on you,
I love you let me go,
x5
I love you let me go,
Let me go,
Let me go,
Let me go.

As I fall again,
I feel no shame x4
