Is boom bap for the radio (repeats)

Doing it for you all
Is cooling out like Freon
From the distance we see the type of shit that we're on
Not a fresh line for every amazon ..
Soon as the plane touches down dance ,
The war at .. Zorro put a Z on
Wave them like be gone it waves like ,
Shake .. haters can get their .. on
The two at a dog reach on
.. jelly mix,
Full time .. hot dog you should relish this
.. with the finest sound
I said the finest sound
.. I can't mess with this
.. keep it alive for the boys and girls
It's hip hop

Is boom bap for the radio (repeats)

To you go stand still
.. every time you get close .. most nights
..a few .. that rhyme
Ask me how I am doing
Tickets fine mine in the roll
.. you are too slow
.. his boom bap put the towns on the map
Bring it back ..

Is boom bap for the radio (repeats)

Thanks to feel
