She can walk right into heaven
She can die to be reborn
Hold me closer now
Don't you ever let go.
She can burn me out completely,
See through closed eyes,
Read my mind,
Can you feel it too,
I can feel it in you.
Fly,
To me now.
She knows all my deepest secrets,
Everything I thought was mine,
Shines like firefly,
Pulls me higher inside,
Fly,
To me now,
Life,
Gets me down.
(Can you feel it too),
Coz this is our time,
This is our life,
This is alright
In the right light,
Another insight,
This is our time,
This is so hard to explain
I can feel it
Im in heaven now
Pull me higher again
And we're tied together now
This can never end
Im in heaven now
Pull me higher again
And we're tied together now
This can never end
Neverending
She can walk right into heaven
