First Verse (Ms. Tee):

Lovin' you, was the only way I could show you  
But I could see, all this competition is a lie for me  
You said you wanna be with me, but alot of girls is  
catchin' your eye  
I feel I'm here with you, I should be the only one on your  
mind  
If you keep actin' like a boy I'm gonna stop wastin' my  
time  
This love can't go on, so boy take me home!

Chorus (Ms. Tee):

Take me home  
Take me home  
Take me home  
Take me home

(2x)

Second Verse (Kangol Slim+Ms. Tee):

(Kangol Slim)

Ah! Ol' girl I know you love me  
So won't you come over here and rub-a-dub me?  
Because these other hoes jock you actin' funny?  
Ol' girl it's no time to play  
Plus me and you don't got no relationship anyway

(Ms. Tee)

Well I don't want you  
Because you want everybody in my whole crew  
Stop claimin' me boy like I'm your boo  
You can go bout your business if you want to  
Because I'm tired of you

(Kangol Slim)

Oh, you actin' silly now!  
Playin' these dumb games like a silly clown!  
I see you and all in your face is a frown!  
Roll with the flow!  
If you can't well then back home you can go

(Ms. Tee)

Oh, you actin' dumb now!  
But I know the girls at the bar want you  
You can't play me like a fool  
You can be with them girls if you want to  
Cuz I'm tired of you!

Chorus

Third Verse (Mista Menor):

Before I take you home, I'ma put somethin' on your  
dome  
Cuz baby girl you been trippin' all night long  
Rollin' your eyes, smackin' your teeth, stompin' your  
feet  
Bootin' up every broad that be talkin' to me  
Ya tryin' to check somethin'? Well baby girl you  
wrecked somethin'  
You gone need a cab home cuz I just left somethin'  
Young heffer, can't roll with the high-stepper  
Cayenne pepper, girl I'm hotter than hot  
You know how many lil' broads wanna take your spot?  
Don't be fussin', don't be cussin', don't be bitchin' alot  
I'ma rapper Baby  
Here's twenty-five rounds, holla at me Baby  
We can do it again  
You my girl, you my dog, and you still my friend

Chorus
