Visit "[No Way Out](#)" on MotoLyrics.com

There's no way out, I'm trapped in my body,
The words try to break through my skin
The thoughts are eating the spirit inside me
What is this hell I'm living in?

Circle of lies – full of emptiness
Mirrors of the blackened souls
Ignorance and greed, lies, envy
Destroy life, the freedom falls

I stare through eyes of the fate
I live my life on the blade
I'll carry on, always proud
Though I know there's no way out

I'm chasing my dreams that I never can reach
Fighting invisible ghosts
I'll never surrender, I fight my own battle
But I'll never own the force

I stare through eyes of the fate
I live my life on the blade
I'll carry on, always proud
Though I know there's no way out
