Dearheart

Take a look at you  
I know how it feels  
Branches full of fruit

Life streaks

And surges all in green  
The bounty of the rain  
The bounty of the spring

Dearheart

You can't keep them all  
I wait with eyes closed  
I'll lighten your load

Truth hurts

Remember this:  
We are pooling our faith  
(You said it)

Asking for my basketful

Shake loose

All your garnet jewels  
Whatever sustains me  
Gifts and pampers you

Trees drop

Plums in my open mouth  
I wait with eyes closed  
Paradise my own

Truth hurts

Hold onto this:  
We are pooling our faith  
(You said it)

Juice bursts  
Don't let it drip  
We are pooling our faith  
(You said it)
