When the world takes a bite
Left totally in the blur of the last night
Then and now don't make much sense
Twisted souls are the only evidence

I wonder why I do the things I do
One plus one has always meant more than two
Happy and content
Change the channel and now I'm bent

On leaving you
On leaving you
On leaving you
On leaving you

There are three sides to every coin
Mine and yours and the one next door
Give a little, ask for too much now
Even though I couldn't ask for more

So as this clears away
I can remember the place but not the face
The things so close and when I'm so close to nothing
But that's how things go

When 3 is 2, when 3 is 2
When 3 is 2, 2, yeah
When 3 is 2, 2, 2, yeah, yeah, yeah

Hate you and I won't and I never could
I find, I find that I never would
I see, I see right through your lies
Through your lies

Turn around and I find that I never would
I stare, I stare and I never could
I see, I see right through your lies
Through your lies, hey, yeah
