See the light of those who find  
As time pass you by, you're still left behind  
Time has come for you to see  
That life is a game, you'd rather play or flee  
The ivory gates cast shadows, might betray  
Surrender this night or choose my way, hey aaa hey  
(Hey)

Come with me, I'll take you there to the land of make  
believe  
Let us fly beyond our dreams, fall into reverie  
On the wings of destiny I will claim our liberty  
With the power of the steel  
With the power of the steel  
With the power of the steel, dreamland will reveal

All you see is black or white  
You have to spell out what is wrong or right  
Spoken words may have let you down  
It's time to stand up, rise with the sun unn unn  
You enter the gates and there's nothing left to fear  
But don't let the matter stand, you're near

Come with me, I'll take you there to the land of make  
believe  
Let us fly beyond our dreams, fall into reverie  
On the wings of destiny, I will claim our liberty  
With the power of the steel  
With the power of the steel  
With the power of the steel, dreamland will reveal

Let me know if you wanna go, there's a place for you  
and me  
Let me take you to the temple of your heart, let me  
know

You enter the gates and there's nothing left to fear  
But don't let the matter stand, you're near

Come with me, I'll take you there to the land of make  
believe  
Let us fly beyond our dreams, fall into reverie

On the wings of destiny, I will claim our liberty  
With the power of the steel  
With the power of the steel  
With the power of the steel, dreamland will reveal
