[Verse 1]

Once there was a time, when we were standing
Back to back against the whole conception
Once we had it all the world was our pleasure dome
Times were changing fast, our dreams were fading
black,

the darkness fell on our creation

Time was running out, we were falling one by one

[pre chorus]

We live by honor - We fight for freedom

We die, but you can't slay our pride

[chorus]

Behind these walls we deem, take hold of the dream

To live our life as we please - Metal Genocide

No fear, we know our end is near

One day we will retaliate - Genocide

[verse 2]

Fall, mighty Babylon your might is declining

Fast, your on your knees repent your sinning

Fall beyond the realms of hell, we are born again

[pre chorus]

We live by honor - We fight for freedom

We die, but you can't slay our pride

[chorus]

Behind these walls, we deem...

(solo: Stefan)

[chorus]

Behind these walls, we deem...
