You see me but I'm not there  
Like the calm before the storm  
You hear me, I'm everywhere  
In the wind and in the rain

Feel me in every breeze  
I'm the chill inside your spine  
I'm burning, you start to freeze  
As you slowly turn around

And down in your hole  
Solitary darkness rule  
You are forlorn  
'Cause justice will be mine

Prowling the night  
Justice calling, we'll track you down  
Justice calling, ready to strike  
Justice calling, breaking the chains  
Hammer of Justice seeking his revenge

Dead man walking by  
There's a void inside his eyes  
Judgment, a final sigh  
Here the screams electrified

As the mirror turns blank  
And your essence fades away  
Your chapter's closed  
Sealed with thunderbolts

Prowling the night  
Justice calling, we'll track you down  
Justice calling, ready to strike  
Justice calling, breaking the chains  
Strike with the Hammer of Justice

Justice calling, we'll track you down  
Justice calling, ready to strike  
Justice calling, breaking the chains  
Hammer of Justice, seeking his revenge

Seeing Justice everywhere, I go  
I search for tomorrow and I know you will be there  
The Hammer of Justice is the key to the future  
The bringer of sorrow is the last goal, see

Justice calling, we'll track you down  
Justice calling, ready to strike  
Justice calling, breaking the chains  
Strike with the Hammer of Justice

Justice calling, we'll track you down  
Justice calling, ready to strike  
Justice calling, breaking the chains  
Hammer of Justice, seeking his revenge  
Justice calling
