Late at night in the park  
I saw her slipping in the dark  
For heaven's sake, what's going on?  
It's like someone is here  
Got to follow now  
Like being in trance for me  
The silence here  
More than all the noise  
Whispering in the dark head over heels  
Overheated heart head over heels  
Treating it so hard the spurting feels every day, every  
night  
Whispering in the dark head over heels  
Overheated heart head over heels  
Treating it so hard the spurting feels, oh yeah!  
Down on my knees, God help me please  
Gotta know who's out in the dark  
I've stopped my breath, can feel the hands  
Could hear the sound of people making love  
I surrender right now!  
I've to be touched  
I feel so much...  
Whispering in the dark head over heels  
Overheated heart head over heels  
Treating it so hard the spurting feels every day, every  
night  
Whispering in the dark head over heels  
Overheated heart head over heels  
Treating it so hard the spurting feels, oh yeah!  
[Instrumental verse]  
Whispering in the dark head over heels  
Overheated heart head over heels  
Treating it so hard the spurting feels every day, every  
night  
Whispering in the dark head over heels  
Overheated heart head over heels  
Treating it so hard the spurting feels every day, every  
night!  
Head over heels, head over heels  
Head over heels every day, every night  
Head over heels, head over heels  
Head over heels every day, every night!

Head over heels!
