"Legion"

In the eternal battle of supreme
[Incomprehensible] absolute evil
The beast always triumphs
My name is Legion, for we are many

The war still remains, no kingdom on earth
There's only pure evil, indifference to birth
In the tombs of the dead one man breeds alone
The unearthly warfare shadows the throne

Three temptations written down
The lust of flesh, lust of the eyes
Finally the pride of life

The demon twelve, the hell hounds
My name is Legion, for we are many spirits inside of
one
To build a land of chaos brought forth from the abyss
My name is Legion, and we bring destruction and
death

Possessing his soul, the curse of the damned
A tormented victim, to the bottom he's slammed
One man stands alone trapped, under a spell
Encounter your demons, send them to hell

No temptations left to fend, sanctified, Anti-Christ
Casting shadows towards the cross

The demon twelve, the hell hounds
My name is Legion, for we are many spirits inside of
one
To build a land of chaos brought forth from the abyss
My name is Legion, and we bring destruction and
death

The demon twelve, the hell hounds
My name is Legion, for we are many spirits inside of
one
To build a land of chaos brought forth from the abyss
My name is Legion, and we bring destruction and
death
