"Let The Hammer Fall"

It's getting closer now
The clock strikes midnight time
It is the tolling of the judgment bell

You fear the dead of night
There ain't no place to hide
This is your point of no return

Now we are ready to strike again
It's getting far too late, my friend
Let the hammer fall

We are above the law
Let our power show
That we're in full control of your destiny

Now we are ready to strike again
It's getting far too late, my friend
Let the hammer fall

We're getting closer now
The chill of distant eyes
You're on a dead end street into the night

Now we are ready to strike again
It's getting far too late, my friend
Let the hammer fall

Let your hammer
(Fall)
Let your hammer
(Fall)
Let your hammer
(Fall)
Let your hammer
(Fall)
Let your hammer fall
