Rising forces, thunder in the east  
No fearless warrior could subdue the beast  
No gallant man around could stand and hold his  
ground

Days passed by and weeks turned into years  
Every drip of hope became a sea of fears  
Somewhere in the dark, a light or just a spark

Brothers in arms fighting one for all  
Fearless and wild we stand tall, one of a kind  
No turning back, brothers fight or fall  
Standing together, we fight, one of a kind

Years of darkness all torn by fate's hand  
A nation cursed, once glorious and grand  
From the ashes we will rise, like a Phoenix to the skies

Brothers in arms fighting one for all  
Fearless and wild we stand tall, one of a kind  
No turning back, brothers fight or fall  
Standing together, we fight, one of a kind

[Solo: Oscar]

Come take my hand, don't leave me here all alone  
Come make a stand, don't let us all fade away, fade  
away

[Solo: Pontus]

1666 - We stood in the valley of death  
Steel in our hands, the final command  
To cure and to heal our nation

Mighty warriors - mount up don't stare at the ground  
Hold your heads high, resist and defy  
Fighting, defending, we're screaming, avenging you  
all  
We're standing all for one for all  
One voice we're one of a kind, we are

Never look back, never surrender

We're fighting all for one for all  
One heart, we're one of a kind, we are  
Cause we are here and we are fighting

Brothers in arms fighting one for all  
Fearless and wild we stand tall, one of a kind  
No turning back, brothers fight or fall  
Standing together, we fight, one of a kind

Fighting, defending, we're screaming, avenging you  
all

One of a kind
