Always standing proud  
We know our time has come  
Marching off to war  
The crusade has just begun  
Fighting for the right  
To live under the sun  
We won't stop 'til they've lost  
And we've won

Come and fly with us  
Together as one we belong  
This magic of metal unites us  
It's making us strong

Like an arrow, we strike  
(Stronger than all)  
Heavy metal troops on the rise  
Like an arrow of might  
(Stronger than all)  
We'll walk through fire  
We're true to ourselves and our lives

History commits  
The oath to deal in steel  
Warriors of the faith  
To no livin' soul we kneel  
Born into the fold  
The templars are for real  
No one will ever bring us to heel

Come and fly with us  
Together as one we belong  
This magic of metal unites us  
It's making us strong

Like an arrow, we strike  
(Stronger than all)  
Shooting through the air at full speed  
Like an arrow of might  
(Stronger than all)  
In the name of metal  
Defending our hopes and beliefs

The past and the present unites in us all  
We stand up for our beliefs  
The way of the templars is here once again  
Forever they will be free

Like an arrow, we strike  
(Stronger than all)  
Heavy metal troops on the rise  
Like an arrow of might  
(Stronger than all)  
We'll walk through fire  
We're true to ourselves

Like an arrow, we strike  
(Stronger than all)  
Shooting through the air at full speed  
Like an arrow of might  
(Stronger than all)  
In the name of metal  
Defending our hopes and beliefs
