The moon is full you cannot see  
There's something in the air  
Sound asleep you're into deep  
Protecting your own lair

The lion roar into the night  
Yet another foe to slay  
Who are you that I see right through  
The hunter or the pray?

Too late to hear the final warning  
No one can defy the reaper  
(Voices, twisted)  
Calling out your name  
(Voices, twisted)  
Calling for you

Ain't no reason for the rhyme  
(Take the Black)  
Ready to attack  
(Take the Black)  
Face to face you bide your time  
(Take the Black)  
Ready to attack  
(Take the Black)

You thought you and I, had it all in there  
In your little bag of tricks  
Insanity won't set you free  
As you cross the river Styx

You're out of time your bridges burn  
In the undying flame  
We'll nail you down to the ground  
For you to bear the shame

Too late to hear the final warning  
No one can defy the reaper  
(Voices, twisted)  
Calling out your name  
(Voices, twisted)  
Calling for you

Ain't no reason for the rhyme  
(Take the Black)  
Ready to attack  
(Take the Black)  
Face to face you bide your time  
(Take the Black)  
Ready to attack

(Voices, twisted)  
Calling out your name  
(Voices, twisted)  
Calling for you

Ain't no reason for the rhyme  
(Take the Black)  
Ready to attack  
(Take the Black)  
Face to face you bide your time  
(Take the Black)  
Ready to attack

Ain't no reason for the rhyme  
(Take the Black)  
Ready to attack  
(Take the Black)  
Face to face you bide your time  
(Take the Black)  
Ready to attack
