"The Fallen One"

I saw your face in the morning sun
Oh, I thought you were there
I heard your voice as the wind passed me by
Silently, whispering my name
So many things that I wanted to say
Forever left untold
I still remember the tears that you shed
Over someone else
Our love could never die
All I can do is cry
Save A little prayer for the Fallen One
There is a light at memory lane
Slowly fading away
Still holding on the dreams torn apart
I will follow my heart

Our love could never die
All I can do is cry
Save A little prayer for the Fallen One
Still on my own, chasing the sun
Of a time long ago
The shade in my heart, tearing apart
Everything that I long for
I saw your face in the morning sun
Oh, I thought you were there
I heard your voice as the wind passed me by
Silently, whispering my name
Our love could never die
All I can do is cry
Save a little prayer for the Fallen One
