Check the honesty of what's on offer,
true detective or a fake fakir?
All the evidence is circumstantial -
as mud the evidence is clear.
Paranormal the investigation -
where do things go when they disappear?
All the evidence has been trumped up...
as mud the evidence is clear,
I think we're into something here,
I think we're into something...
I don't know but
maybe we're all goldfish
in the mental sphere.
Evidently goldfish
never questioning environment
Self-evidently goldfish
we swim in circular experience;
Church of logical deliberation,
school of accidental wheels in gear....
Surface knowledge is a serious matter,
a little consciousness is dangerous, dear;

all the evidence must be summed up -

as mud the evidence is clear,

I think we're into something,

I don't know but maybe

we're all goldfish in the mental sphere.

Evidently goldfish

never question their environment;

Self-evidently goldfish

we swim in circular experience;

Evidently goldfish

round and round and round and round

within our consciousness

in the mental sphere.

As mud the evident is clear
