"On The Surface"

On the surface

phosphoresces gleaming;

deep down

we carry on dreaming.

On the surface

compass and charts checked;

deep down the current run

in a shining vortex,

in a swirling vortex.

On the surface

oil troubled water

sails set the seas on fire

to the farthest quarter....

Are we dreaming?

Dream deep of childhood,

dream deep of future days -

it'll all come good,

deep dreaming.

It'll all come good,

deep dreaming.

It'll all come good,

it'll all rise to the surface,

deep dreaming
