oooh ahh, I'm hurting, bad

oooh ahh I'm hurting bad!

I did not see what I was supposed to see

taking it easy when a friend told me I was in

danger, so much danger.

Underestimating my woman, not taking her

out, working too hard and now she's gone off

with a stranger, someone I don't even know.

I should have taken her out, every once and a

while, taken her to dinner on the finer side, shown

her a life that was all worth while, now I guese I gotta

walk an extra mile! I could beat myself! Ahh yeah.

Now I'm gonna feel funny out there in the crowd

when my friends all ask me, where is your woman?

long time I don't see. Now I've got to think fast gotta

use my head, give a good story and make sure they

buy my version of the situation.

All the while I wouldn't lie I'm gonna do this once

see my reputation sinking in the distance, if they

knew the truth that really existed...then my little sanity

would be wasted! I could beat myself ahh yes..I could

beat myself!!! Ohh lord lord.

ooh ooh I'm hurting, hurting inside

ooh ooh I'm hurting

Now I really want to hear a little news now and

then, this is not what I expect to hear from my

friend I'm dissapointed. He should realize that its

gonna destroy my position (remember I'm a name

brand) now I've gotta see....I should have held her tight

every once and a while, gotten it together on the finer
style

shown her a life that was all worth while, now it seems I
gotta

walk an extra mile....I could beat myself..ahh yes, I
could beat myself

ooh lord...

ooh I'm hurting...

ooooh I'm hurting, hurting inside

I don't know what I wanna tell you

but I wanna tell you something real, real good yes

someting to make you

wanna shiver...
