"Flood"

Visit "[Flood](#)" on MotoLyrics.com

Your dreams are a flood
Everything is so cold
Your words are just spoken
And they chill inside

You feel you've got to get away
These fake stars and moonlight
You never felt like this

You can't hang on
To all that is broken
In your little backyard

You feel your dreams are gone away
Relax
Don't collapse

It's only the flood rising up

And we are just floating again
Our bodies are taken away
The old life is leaving our bones

Are we just coming home?
