This place is out of control now  
These days are trying my senses  
Tell me if you can stop this noise  
Take your hands in mine, for a while  
There is nothing here, but this is all I have

Like me, your fever is growing  
Those lights are shining all around  
In the end we can't change what is done  
Cause my soul is broken, our time has gone

Whispers come and life seems meaningless  
Despite of all these voices in my head  
And for the fact that I am lost now  
Just like you  
Now I miss you, miss you, miss you

Your life is not in this place now  
Everyone has fallen from my way  
From the start to the end, it's the same  
And I hope I can escape from here one day

Whispers come and life seems meaningless  
Despite of all these voices in my head  
And for the fact that I am lost now  
Just like you  
Now I miss you, miss you, miss you

In the end we can't change what is done  
Cause my soul is broken, our time has gone  
And I miss you, miss you, miss you  
For the fact that I am lost now, just like you

Whispers come and life is meaningless  
Despite of all these voices in my head  
And for the fact that I am lost now  
Just like you  
Now I miss you, miss you, miss you
