"People Fall Apart"

Your trust
They steal your trust
When you think you're strong enough
Then you're over

I feel drained
I feel down
A bullet-proof man
That's what I've become
A shadow

Some people fall down
Some people fall apart

So come on
And take a breath
Leave your miracles behind
And walk again

Cause some people fall down
And some people fall apart
But life is outside, now
So let's go outside, now

(Never ever gotta get up of the ground
In pieces on the floor
Can't believe this happening again
Don't believe this is happening to me)

Take me outside now
Take me outside now

Out of control
Out of control
Out of control
Out of control
