You gotta get to the top and never trust
Play the game
Break the rules
Make it yours now!
You feel so good in keeping control
And feeling so cool makes you high
Galvanizes your senses
But your freedom is fear and control
While my freedom is burning your soul

Now pain, all you've got is pain
Is this the glory that you craved
The glory that you've claimed?

Keep the feeling loud
A cool mind rape
Is just your way to play with noise

Feel so good in keeping control
And feeling so cool makes you high
You live in a kingdom of nothing
Keeping command
Is the favorite food of your ego
But your freedom is under control
Every movement is under control

Now pain, all you've got is pain
Is this the glory that you craved
The glory that you've claimed?

Is this the glory that you crave right now?
Is this the glory that you crave
The glory that you claim?
