Back, back
Back, back

Oh yes, we're back, we're here to remind you
Oh yes, we're back and we're here to stay
We're on attack, leave your worries behind you
We're gonna party 'til the break of day

A new sound, a new celebration
Just relax your mind, relax your mind
We'll get down from nation to nation
Everybody's gonna have a real good time

'Cause we are back into the groove
So come on, let's see you move all night
Yes, we are back into the groove
Let's get in the party mood tonight

We took some time to get it together
Right down the line to get it complete
'Cause now's the time we're back and we're better
We're even better than we used to be

A new sound, a new combination
We'll revive your mind, revive your mind
In every town from station to station
Everybody's gonna have a real good time

'Cause we are back into the groove
So come on, let's see you move all night
Yes, we are back into the groove
Let's get in the party mood tonight
We're gonna be back, back into the groove, yeah

Yes, we're back down in the groove
Back
Yes, we're back down in the groove
Back

Back, back

'Cause we are back into the groove

So come on, let's see you move all night
We're gonna be back, back into the groove
Yes, we are back into the groove
Let's get in the party mood tonight
Hay yeah yeah, back into the groove

'Cause we are back into the groove
So come on, let's see you move all night
Let's see you move, yeah, oh we're back
Yes, we are back into the groove
Let's get in the party mood tonight

'Cause we are back into the groove
So come on, let's see you move all night
Yes, we are back into the groove
