Come together, black and white
So we can all be free tonight
To live as one, we can unite
Everyone be free tonight

You'll be there to see the light
We can all be free tonight
We can make it work out right
Everyone be free tonight

Come together, black and white
So we can all be free tonight
To live as one, we can unite
Everyone be free tonight

You'll be there to see the light
We can all be free tonight
We can make it work out right
Everyone be free tonight

Be free tonight, be free tonight
Be free tonight, be free tonight
Be free tonight, be free tonight
Be free tonight, be free tonight

Come together
Come together
Come together
Come to, come to, come to, come to
Come, come, come, come

Come together
Come together
Come together
Come together

Come together, black and white
So we can all be free tonight
To live as one, we can unite
Everyone be free tonight

You'll be there to see the light

We can all be free tonight
We can make it work out right
Everyone be free tonight
