Face to face and eye to eye  
Face to face and eye to eye  
Face to face and eye to eye  
Face to face and eye to eye

Leaves from the tree fall down on the floor  
Life comes and goes, you can't ignore  
Touch your soul when you finally realize  
You've heard it all before all the lies

You're on a mission, no time for wishing  
It can be magic like a magician  
Face to face and eye to eye  
This is your last and final try

Face to face and eye to eye  
(We look the world right in the eye)  
Face to face and eye to eye  
(Take a chance and baby, so will I)

Will we all succeed or is it over soon?  
Nobody around, just stars and the moon  
A race against the clock, is there some time?  
Just wait for the light, wait for the sign

You made the same mistakes that you made in the past  
Didn't help you out, didn't make you last  
Face to face and eye to eye  
This was your last and final try

Face to face and eye to eye  
(We look the world right in the eye)  
Face to face and eye to eye  
(You've one last chance and baby, so have I)

Yeah, now

Face to face and eye to eye  
This is you last and final try

Face to face and eye to eye  
(We look the world right in the eye)

Face to face and eye to eye  
(Take a chance and baby, so will I)

Face to face and eye to eye  
(We look the world right in the eye)  
Face to face and eye to eye  
(You've one last chance and baby, so have I)

Face to face, eye to eye  
Face to face
