*[A - Anita]*

*[R - Ray]*

*[A:]* No way of controlling my body; Mysterious  
You touch me that way, my souls of above  
When we say goodbye  
There's now turning back for love

*[R:]* Now I think it's time to make the floor burn!

*[A:]* No way of controlling my body; Mysterious  
You touch me that way, my souls of above  
When we say goodbye  
There's now turning back for love

*[R:]* Can't you see now what I am saying  
The beat is rough and I ain't playing  
Mysterious things we like to know  
Secret things that you never showed  
A vision of something you're driving for  
You gave me the key and I opened the door  
There's something between us, you and me  
'Cause your love is like a unsolved mystery

*[A:]* A mystery is what you are to me

*[R:]* You keep me guessing, I feel like stressing

All the time yeah you blow my mind  
I don't know what I am searching for  
Everytime you're around, you're asking for more  
I'm interested to know what you are all about  
You're the only on without a doubt  
You've got me acting so delirious  
Everything about you girl; Mysterious

*[R:]* Something you want to figure out but you don't  
know how? Mysterious

*[R:]* You move mysterious  
You look mysterious  
You are mysterious

So mysterious

*[A:]* No way of controlling my body; Mysterious  
You touch me that way, my souls of above  
When we say goodbye  
There's now turning back for  
No way of controlling my body; Mysterious  
You touch me that way, my souls of above  
When we say goodbye  
There's now turning back for

*[R:]* Love
