[ANITA:] I'm the "a", the "n", the "i", "t", "a"
Once you're with me, you'll always wanna stay
'Cause I'll make you feel good; never blue
To put it simple: I'm a dream come true!

[ANITA:] Please, baby..ya gotta let me go
Of course ya wanna stay, ha, I know
But time is precious; time is money
I'm rougher than the average, remember that honey!

[RAY:] I live my life, do not interfear
Always tough, shed no tear
Bass in your face, the electric bomb
Don't just stand there...come on, come on
The contrast megablast are for everlast
I'll put you down in a microphone contest
2 Unlimited put you to the test

Rougher than the average, yeah we're the best

[ANITA:] Rougher than the average honey!
Remember that honey!

[ANITA:] Most guys I love, some guys I hate
'Cause some guys underestimate the things I do, and
the things I can
Rougher than the average is what I am!

[RAY:] Check me out while I'm coming on strong
This is the Ray, no, never do you wrong
Always the right girls spend the night
Take you down as quick as dynamite
Rougher than the average, yeah, that's me
Fresh and dope as you can see
Girl, in my room, and in, out we go
Rougher than the average...let the bass go!
