We've got to cross the borderline
Open up your heart and free your mind
We've got to cross the danger signs
We'll take you through all space and time

We've got to
We've got to
We've got to
We've got to

Come and reach the sky
We can take you high
We can reach the edge of heaven!
Spread your wings and fly
Reach up to the sky
We can touch the edge of heaven!

The edge of heaven

We've got to cross the borderline
Open up your heart and free your mind
We've got to cross the danger signs
We'll take you through all space and time

Come and reach the sky
We can take you high
We can reach the edge of heaven!

Spread your wings and fly
Reach up to the sky
We can touch the edge of heaven!

The edge of heaven

Together we'll be free
Together you and me
Together we'll be free
Together you and me

I gonna make you
I gonna make you
Take you high

I gonna make you
I gonna make you

Come and reach the sky
We can take you high
We can reach the edge of heaven!
Spread your wings and fly
Reach up to the sky
We can touch the edge of heaven!
Come and reach the sky
We can take you high
We can reach the edge of heaven!
Spread your wings and fly
Reach up to the sky
We can touch the edge of heaven!
