How far  
Can your love reach me?  
As high as the heavens  
Deeper than the oceans  
And the seas

How many times  
Can you forgive me?  
As many times  
As you come to me

You say no one  
Can take your love  
Away from me  
Oh I'm in awe  
Of how you love me

Now as I lay down  
All my fears  
As I cry to you  
I know you'll hear me

Coz you sustain me  
Like a child  
I'll come to you  
Time and time again  
You will lift me high
