Come with me
Please don't go
I miss you
I want to see you

I am sorry
But I have to go
There are things
I just got to do
This is more
Important than you
Maybe I'll just see you

Tomorrow
I hope I'll see you
Tomorrow
I hope
It won't be too late
Tomorrow
I don't know
If there's tomorrow

You can just wait for me
I promise that you'll see me
I'm doing all these for you
Maybe I'll just see you

Tomorrow
