Some guys never gonna are you, ever gonna bet you're  
never gonna change  
Just one thing to say to you-goodbye, goodbye

I had this letter written to you long ago but never sent it  
out  
I had my speech prepared, my kiss-off lines rehearsed  
But I backed out  
Why did it take so long for me to take the lead  
And realize that you got nothing that I need

This message will be brief-there's nothing much to tell  
My heart is signing off-direct from aol  
So simple and elegant don't ever ask me why  
I've got just one thing to say to you (goodbye)

You think that you're god's gift to life that we should  
fall  
Right at your feet-i don't think so - no  
And when you break a heart you toss it off and never  
miss a beat  
But now the tables turn-i won't be hurt again  
Does it feel backwards to be on the losing end?  
This message will be brief-there's nothing much to tell  
My heart is signing off-direct from aol  
So simple and elegant don't ever ask me why  
I've got just one thing to say to you (goodbye)

Some guys never gonna are you, ever gonna bet you're  
never gonna change  
I'm through cryin' for you, no more lyin' for you  
Won't be caught up in your game

Don't really feel the need to argue this and that  
Your time is up-so glad we had this little chat

This message will be brief-there's nothing much to tell  
My heart is signing off-direct from aol  
So simple and elegant don't ever ask me why

I've got just one thing to say to you (goodbye)

How shall I put this?

I've got just the thing to say to you-goodbye

Just one thing to say to you—goodbye, goodbye—

Some guys never gonna are you, ever gonna bet you're  
never gonna change
