"Without You"

I think It's time I let you know
The way that I feel
It's not fiction but reality
You are the one that my heart beats for
You are the one that's taken control of me
I know that your love is right
The smile that's on my face
Boy I can't hide the way I feel

I know that the things that you do
I can't keep it all inside
And I just gotta sing aloud

There is no sun
There's no stars to shine
Without you
There is no day no night
No moon or light
No world without you

There is no thought
There is no place or time
Without you
Without you
Boy now Tell me, what in the world would I do?

You are my song
You are my melody
Sweet violins play

When you're standing next to me
There is no end to the joy you bring
Gotta let you know
You're my Summer, Winter, Fall and Spring
I know that your love is right
The smile that is on your face
Boy, I can't hide the way you feel

I know that the things you do
I can't keep it all inside
And I just gotta sing aloud

CHORUS

Thinking all day long about the words that I want to say
And my feelings for you
If only you could read my mind you would tell me that
You feel like I do
So listen to my poetry when I sing this song
How I'm feelin' this way
It's simple like my melody
So listen to what I have to say

CHORUS
