These are not promises
These are just other thoughts of hope
Was it that meaningless
What we've been through ?
When I said that I'll be with you
It was not enough... but always true
No one's aware
When love seems to go
No one will ever know
What I was going through

You don't need to change
I've got something new
To bring you back again
It's a brand new day
I feel so alive
It will be a chance
To bring you back again

This is not the time or place
won't you come to the Moon... with me
but there's no room for us
no romantic Spring
if I knew at that time
I would be aware
Not so close to you

Chorus(x2)

Even if this is wrong
My treasure's here
Unexpected thoughts
When I say goodbye
It will be a chance for us... it will be a change not the
end .
