If you don't wanna wait  
you left me inside out  
it's too hard for me  
there's no easy way out

You don't know and don't ask how  
that i'm gonna make it work again  
you don't know and don't ask why  
that i'm gonna make it once again

If you give up now, who's gonna lose?  
which one of us, is given up now of being free?  
and if you give up now, who's gonna lose?  
which one of us, is given up now of being free?

Distance from between us  
that we can't shake out  
it's cristal clear  
but it ain't gonna last

You don't know and don't ask why  
that i'm trying to make it work  
i'm trying to make it work

If you give up now, who's gonna lose?  
which one of us, is given up now of being free?  
and if you give up now, who's gonna lose?  
which one of us, is given up now of being free?

Just look around and see  
who you really need  
who you really want

If you give up now, who's gonna lose?  
which one of us, is given up now of being free?  
and if you give up now, who's gonna lose?  
which one of us, is given up now of being free?

If you give up now, who's gonna lose?  
which one of us, is given up now of being free?

Just look around and see  
if you give up you won't be free  
you won't be free yeah yeah

Never look back (x8)
