Hey boy, what is the word for love?
That one day will be unheard
Hey man, waht is the word for hate?
If you look, it's written on your face
Better days, don't wait to come
They are only words when they are gone
Silence speaks so loud inside our heads
Makes words brigther inside our heads
Maybe one day you'll get somehow
Silence is love...
I'm wasting time saying no, words are so clear
I'm feeling good I don't know
Surely it's fear...
Maybe
Words don't mean nothing to me at all
Silence speaks so loud inside our heads
Makes words brighter inside our heads
It's easy when you hear the song
And know what really matters
Silence is love...
Words are insane, they don't seem to fit
More than just words, I say it like this
Ahh, ahh, ahh...
