Tonight I'll call you and let it ring all night
But you won't answer cus you don't wanna fight
You told me together until the very end
But you didn't mean it cus now you're all over him
You said baby don't worry you mean more than the
world
I guess the world is worthless cus I don't mean a thing
to her
She had it her way everything seemed alright
But I'm alone now and it's like I wont survive.

You were my everything but now I'm older and I'm
stronger
And how much longer till he finds a girl that's hotter
does
He really mean it when he tells you that he loves you
Does he really mean it when he tells you that he loves
(screams:you)
You were my everything but now I'm older and I'm
wiser
And he's looking for another girl and soon he's gonna
find her
Leave him he's already starting to ignore you
There is a better guy and he wrote this song for
(screams:you)
