# Brooke Fraser
# "Last To Leave"

Find it out
Yell it louder
Run about the room

Everything
Comes out eventually
Start your preparation soon

[Chorus]
Come today
Pack up all your things
And go...
And go...

Don't need you now
I never did
He pointed that out to me

Follow the ground
Of imperfections purged
You won't be the last to leave

Come today
And pack up all your things
And go...
And go...

[Music]

Come today
And pack up all your things

Come today
And pack up all your things
And go...
And go...

Go...
Yeah-yeah-yeah-yeah...
Oh oh yeah...

Don't need you now

I never did
He pointed that out to me
