Hey guys have you seen my duh dun duh duns
My duh duh duh duns
I will play you just like this

Cruising down the 101
At a stop light
Everybody's having fun
Gonna get right
Platinum hair and rockapoos
I'm the biggest truck in news
Stomping in my hater boots
Think you better run on

You think im sexy cool
Just watch you see you drool
Stop looking up and down there's more of you to go
around
Some say i'm just a dits
Im teaser just a flit
Cause i will promise this
I will play you just like this

Low rider jeans hug alittle tighter
Low rider jeans hug alittle lower

You think im sexy cool
Just watch you see you drool
Stop looking up and down there's more of you to go
around
Some say im just a dits
Im teaser just a flit
Cause i will promise this
I will play you just like this

You think im sexy cool
Just watch you see you drool
Stop looking up and down there's more of you to go
around
Some say im just a dits
Im teaser just a flit
Cause i will promise this

I will play you just like this

Tick tock on the clock
Let me see you whirl
Everybody's screaming pretty fly for a white girl
Living expedition
Platinum black new edition
Kinda not but really hot
What cha think i can't pop

My thighs
My hips
My eyes
Have got cha going crazy

My lips
My thighs
My eyes
Have got cha going crazy

Uno dos tres

Low rider jeans hug alittle tighter, oh yea
And low rider jeans hug alittle lower, oh no
Low rider jeans hug alittle tighter, oh yea
And low rider jeans hug alittle lower

You think im sexy cool
Just watch you see you drool
Stop looking up and down
There's more of you to go around
Some say im just a dits
Im teaser just a flit
Cause i will promise this
I will play you just like this

You think im sexy cool
Just watch you see you drool
Stop looking up and down
There's more of you to go around
Some say im just a dits
Im teaser just a flit
Cause i will promise this
I will play you just like this
