I hope this old train breaks down
So I can take a walk around and
See there's no time you see 'cause
Time is just a melody
But the people in the streets
Walkin' fast as their feet can take 'em
I just rode through town
And though this window's got a view
But the frame I'm lookin' through
Seems to have no concern for now so for now

I need this here
Old train to breakdown
Oh please just
Let me please breakdown
I need this here
Old train to breakdown

Well this engine screams out loud
Centipede gonna crawl westbound and
I don't even make a sound 'cause
It's gonna sting me to leave this town
And the people in the streets
That I'll never get to meet
If these tracks don't bend somehow
And I got no time
that I got to get to where I don't need to be
Said...

I need this here
Old train to breakdown
Oh please just
Let me please breakdown
I need this here
Old train to breakdown
Let me please break down

You know you can't stop nothin'
If you got no control
Over the thoughts in your mind
That you kept and you know
That you don't know nothin'

But you don't need to know
'Cause all the wisdom's in the trees
Not the glass windows

You can't stop wishin' if you don't let go / I need this
here
Of the things that you find and you lose and you know /
Old train to breakdown

But you keep on rolling put the moment on hold / Oh
please just
But the frames too bright with the blinds down low / Let
me please breakdown

You know you can't stop nothin' / I need this here
If you got no control
Over the thoughts in your mind / Old train to breakdown
That you kept and you know

That you don't know nothin' / Oh please just
But you don't need to know
'Cause all the wisdom's in the trees / Let me please
breakdown
Not the glass windows

You can't stop wishin' if you don't let go / I need this
here
Of the things that you find and you lose and you know /
Old train to breakdown

But you keep on rolling put the moment on hold / Oh
please just
But the frames too bright with the blinds down low / Let
me please breakdown
