[Sample]

This, is the story of you  
What makes you special, where you come from  
This is one of the most exciting stories ever told  
Because its about you  
And you are one of the most important things in the  
world . . . you

She ride cus her testament has been day one  
A nigga got trust cus she been day one  
They ones done, build a fam. Bruce Lee  
So we K-I-Sed the BS goodbye  
Damsel in distress so I stress good guy  
Tarzan and Jane more like Bonnie and Karem  
Could you be my sugar water, tonic and cream  
Put the dean in my yard, like religion and king-----???  
And {ding} diamond you a sight  
Like unidentified rims spinning in the night  
Me with out your balance just wouldn't sit right  
Like written wouldn't be past tense without ten

If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]  
If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]

Hey, because of you my little lady named fame  
People spot me like nerves spot pain  
Put the S on my chest and inside my veins  
Before that this darkie had to smile for them to see me  
Now them same kids that used to diss wanna be me  
Due to me being down with you  
Hooked up 82' plus 6  
When you gave me my fix  
You fixed my house and banking accounts  
You fixed me up with too many women to count  
Only right for you to have your side niggas too  
And even when you don't come back

At least when you was here for me  
The world cheered form you

If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]  
If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]

Pen you my muthafucka  
I'm a hold you like piss  
Even when the itchy burn make me wanna let go  
There you go smudgin, see actin mad funny  
But you kissin loose leafs so I can't be mad  
You my confidant when I couldn't tell pops that report  
card came  
You signed off with me  
So when the checks come you'll be signin off with me  
But when I'm dead and gone will you sign off?  
Ooh Papermate you light like paper weight  
But you pack ink, can make tattoos turn pussy  
And when its mush time you be there like a man  
in my hand spillin my heart with you blood.

If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]  
If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]

You're my first born  
My lil Capricorn kid  
Slid in this world at 1 pound 8 oz.  
My little miracle baby  
Grown in to a little lady  
So fast, like pressing the gas while the tape bounce  
Through you, me and your grandfather grew closer  
I understand now, all he try to give for me  
I wanna give it to you the same way  
But sometimes four short and you still live for me  
And just want you to know  
I may not show all the right feelings or say the right  
words  
But you're my little black diamond  
And always shining in my heart

And that's way beyond words

If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]  
If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]

You've been with me on the inside homie  
Puff life in me ever since I was a knee high  
I knew I had heart  
Ain't gang related but you relative to blood  
AB negative you represent love  
Though you break like Pringles  
Your heroic in your size  
You make David beat Goliath  
You heart beaker  
Broads love you on Valentines day  
Quaker brought beats to my chest before Hip-Hop.

If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]  
If it wasn't for you  
If it wasn't for you  
If it wasn't for you  
[I need you]
