[Roisin Murphy]

Go ...

Go to the mountain if you must

Go to the burning bush

Happy would ease your troubled mind

How do the fade just stay behind?

I know you better than you think I do

Don't worry babe.. this is why i fell in love with you

The man in the looking glass

Is looking back at you at last

You can't hide from the truth

Because the truth is all there is

You can't hide from the truth

Because the truth is all there is

You can't hide from the truth

Because the truth is all there is

You can't hide

If happy times are too few and far between

It's a pity dear, we can't erase the things we've seen

So disappear, vanish if you wish

Just go before you're swallowed up by bitterness

And the truth is you can't hide from the truth

And the truth hurts because the truth is all there is

I realized some time ago that I would have to let you go

May not be true to see that you would return one day

But in your present state you may as well not be here at all

You wear a thin disguise, it's from yourself you hide

Just take a look at us, we are heading for a fall

[J-Live]

Now presiding in this quarter: hip-hop

Justice, my rap fort?

Judge, jury, bailing for prosecuting D.A.

Et ceteras, paraphas

My modus operende

It's carpe diem whether the fact or word is your way

You can't hide from the truth..
